# Welcome & Greeting (ABCD - 2025)

The 9<sup>th</sup> International Conference on “**Advances in Agricultural, Biological and Biodiversity Conservation for Sustainable Development (ABCD–2025)**”, scheduled to be held from **November 13–15, 2025**, at the **Conference Auditorium, University of Mysore**, will serve as a significant and dynamic platform for international and interdisciplinary exchange at the forefront of Agricultural and Biological Sciences. The conference will feature a series of plenary sessions, oral and poster presentations, panel discussions, and networking events, designed to keep participants actively engaged in learning, collaboration, and the formation of new professional connections. The host city, **Mysuru (Mysore)**, nestled between the **Kaveri and Kabini** rivers at the foothills of the **Chamundi Hills** in southern Karnataka, is famously known as the “City of Palaces and City of Lakes”. Renowned for its rich cultural heritage, Mysuru is home to scenic lakes such as **Kukkarahalli, Karanji, and Lingambudhi**, as well as beautiful palaces, historic temples, and expansive gardens. The city is a celebrated tourist destination, famous for its **silk, sandalwood oil, and intricately crafted ivory and sandalwood artifacts**. With a pleasant climate year-round, Mysuru lies approximately 140 km southwest of Bengaluru, the state capital, and is well-connected by rail, road, and air. On behalf of the organizing committee, we warmly invite scientists, academicians, researchers, scholars, and entrepreneurs to participate in ABCD–2025 and experience the vibrant culture, heritage, and hospitality of Mysuru, Karnataka.

## About the University of Mysore

The University of Mysore was established on July 27, 1916. It is the sixth oldest University in the country and the first in the state of Karnataka. Also, in a sense it is the first University of the country to be established outside the limits of the British India. The University was founded as a result of the efforts of the benevolent and visionary Maharaja of erstwhile Princely State of Mysore His Highness Shri Nalvadi Krishnaraja Wadiyar IV (1884-1940), and the then Diwan Sir M. Visvesvaraya (1860-1962). The University was granted autonomy in the year 1956. Originally the territorial jurisdiction of the University consisted of nine districts of Karnataka state. With the creation of Bangalore University in 1964, Mangalore University in 1980, Kuvempu University in 1987, Karnataka State Open University in 1996, Mandya University in 2022, Hassan University in 2022 and Chamarajanagara University in 2022, the territorial jurisdiction of the University of Mysore is now confined to Mysuru District. It is the first University to be accredited by NAAC in the year 2000 with Five Star Status and the University is re-accredited for the 4th time in 2021 with an ‘A’ Grade. In the India Ranking – 2024 conducted by NIRF, University of Mysore has secured 19th Rank in the ‘State Public University Category’ and 54th rank in the ‘University Category’.

## About the ATDS Society

**ATDS, Ghaziabad  
Uttar Pradesh, India**

**IJAI, NAAS (4.56)**

The Agricultural Technology Development Society (ATDS), located in Ghaziabad, Uttar Pradesh, India, is a registered non-governmental professional society established in December 2015. It is registered under the Societies Registration Act XXI of 1860 with Registration No. 1024/2015-16 and is also listed on NGO Darpan, NITI Aayog, Government of India. The registered office of the society is situated at House No. 146, Street No. 5, Ganga Vihar Colony, Muradnagar, Ghaziabad, Uttar Pradesh – 201206, India. The society's official website is [agriinventionjournal.com](http://agriinventionjournal.com). ATDS operates across India and is dedicated to advancing education, research, and innovation through interdisciplinary research and extension programs. The Agricultural Technology Development Society (ATDS) has successfully organized one National and eight International Conferences in collaboration with prestigious universities and institutions across India and abroad. Its primary aim is to promote, innovate, and disseminate agricultural research and knowledge for the benefit of humanity. As part of its academic contributions, ATDS publishes the “International Journal of Agricultural Invention”, a biannual English-language journal with a NAAS rating of 4.56.

## About the Department of Studies in Botany

The Department of Studies in Botany is one of the oldest and most renowned Plant Science Departments in the country, dedicated to both teaching and research in the fields of Plant and Microbial Sciences. The Department is home to a well-established Botanic Garden, which includes a Glass House and a Fern House, showcasing a living collection of over 400 plant species. Additionally, the Department boasts a Museum named after the renowned plant scientist N.I. Vavilov, which houses a collection of more than 450 specimens representing all the major plant groups. The Department's Herbarium is another invaluable asset, enriched by the contributions of numerous researchers. It contains over 4,250 plant species, each meticulously cataloged with comprehensive descriptions. The Herbarium serves as one of the primary referral centers for plant identification. The Department has strong research programs across various branches of Botany, and its faculty members have successfully guided more than 200 PhD scholars. They have authored 28 textbooks and over 2,300 research papers published in national and international journals, conference proceedings, and other scholarly works. The Department offers specialized courses in areas such as Taxonomy of Angiosperms, Medicinal Botany, Plant Biotechnology, Plant Molecular Biology, Applied Plant Pathology, Microbiology, and Environmental Biology. The faculty members possess extensive expertise in areas like the isolation and characterization of antimicrobial compounds from plants, plant and microbial taxonomy, molecular characterization of plant and microbial diversity, molecular diagnostics of phytopathogens, and signal transduction related to host-pathogen interactions. The Department has received significant funding from the Department of Science and Technology (DST), Government of India, under the FIST Program, as well as support from the University Grants Commission (UGC) under its Non-SAP Program....The UGC has consistently supported teaching and research activities during each plan period. In addition, faculty members have undertaken numerous individual and collaborative research projects funded by various agencies such as the USDA, DST, UGC, ICA, MOE&F, CSB, and AICTE, among others. The Department maintains an interdisciplinary research network with both national and international research institutes, including the CFTRI, CSR&TI, DFRL, and other sister Departments of the university. It has also organized numerous national and international conferences, seminars, and symposia, covering a range of topics, including Plant Pathology. Faculty members like Dr. K.M. Safeeualla, Dr. A. Ramalingam, Dr. S. Shankara Bhat, and Dr. H. Shekar Shetty also played key roles in establishing the Downy Mildew Research Laboratory and introducing Plant Pathology Courses, leading to the creation of the Departments of Applied Botany & Biotechnology, and Microbiology. The legacy of these achievements has been carried forward by esteemed faculty members, including Dr. K.A. Raveesha, Dr. G.R. Janardhana, Dr. M.S. Sharada, Dr. K.N. Amruthesh, Dr. Rajkumar H. Garampalli, and Dr. M.S. Nalini. Students of this Department are well-placed in both academic and professional fields, with many securing prestigious positions in research institutes, industries, and Universities worldwide. Additionally, several faculty and alumni are fellows of various national/international academies, strengthening the exceptional expertise within the Department.

## About the 9<sup>th</sup> International Conference (ABCD - 2025)

The 9<sup>th</sup> International Conference on "Advances in Agricultural, Biological and Biodiversity Conservation for Sustainable Development (ABCD-2025)", scheduled to be held from November 13-15, 2025, at the Conference Auditorium, University of Mysore, is poised to be a premier interdisciplinary platform. It will unite leading researchers, academics, industry professionals, policymakers, and practitioners from around the world to address critical issues in agriculture, biological sciences, biodiversity conservation, and sustainability. This landmark event aims to showcase and promote innovative solutions and research breakthroughs that advance sustainable development. The conference will provide a dynamic environment for the presentation of modern research, technological innovations, case studies, and scalable models that contribute to long-term sustainability in agriculture, the environment, and biodiversity conservation. A key focus of the conference will be on sustainable agriculture, including themes such as organic farming, agroecology, soil and water conservation, climate-resilient farming systems, sustainable pest management, and the application of emerging technologies like AI, IoT, drones, and precision agriculture to improve productivity while reducing environmental impact. Under the theme of Biological and Biodiversity Conservation, the conference will host discussions on biodiversity preservation, ecosystem restoration, sustainable resource management, conservation strategies, and alignment with the Sustainable Development Goals (SDGs). Topics under environmental sustainability will explore climate change mitigation and adaptation, renewable energy, sustainable waste management, and eco-friendly technologies, reinforcing the conference's commitment to a greener and more resilient future.

## Call for Abstract, Research Papers & Book Chapter

- Delegates should present their original research work.
- The abstract of the empirical paper is to be within 250-300 words with Title, Authors name, affiliated department and institute, corresponding authors E-mail & 5 keywords and will be published in ISBN proceedings.
- Abstract should clearly outline the objective/s, hypothesis, methodology, key findings and conclusion, typed in English, MS Word, Times New Roman, 12 font, 1.5 spacing.
- The full-length typed research article/book chapter should be max.4500 words.  
Invited article and articles covering key issues shall be evaluated by the expert committee and called for oral presentations.
- Selected research articles and book chapters after review process will be published in indexed journals and book with ISBN
- Kindly mail the soft copies of Abstract/ Book chapter/ Paper with duly filled **Registration form to : [abcdconference2025@gmail.com](mailto:abcdconference2025@gmail.com)**

# Conferences Themes (ABCD - 2025)

## Advances in Agricultural, Biological and Biodiversity Conservation for Sustainable Development

### Theme -1: Innovations in Sustainable Agriculture, Fisheries, Veterinary & Allied Sciences

- National Mission on Organic and Natural Farming Practices
- Policy, Advocacy and Governance In Sustainable Education and Environmental
- Land Use Planning, Soil Erosion & Soil Health
- Climate-smart agriculture and nutrition-sensitive farming
- Waste management and Circular Economy in Agriculture
- Agro-ecological approaches to improve dietary diversity
- Nutrition-sensitive agricultural interventions
- Traditional cropping patterns and local diets
- Food loss reduction strategies from farm to fork
- Artificial Intelligence, Remote Sensing, Drone, Robot Technology, Digital Farming and IoT
- Horticulture for Nutrition and Livelihood
- Adapting Climate-Smart Agriculture and Climate-Resilient Crop Varieties
- Sustainable Soil Health & Water Efficiency
- Integrated Management of Nutrient, Weed, Disorder & Plant Protection
- Nature and Community Supported Agriculture (NCSA) Models
- Sustainable Food Processing & Systems, Value Chain & Addition
- Advanced Food Engineering and Functional Product Development: Pathways to Nutrition and Security
- Bio-Innovations in Food Processing: Enhancing Shelf Life, Safety, and Functional Quality
- Innovative Horizons in Food Science: Advancing Processing, Value Addition, and Global Food Security
- Smart Food Futures: Bridging Science, Technology, and Nutrition
- Production & Management of Sericulture, Bee Keeping, Forestry, Vermi composting, Mushroom, Poultry
- Seed Processing & Certification Technology
- Agri-Business Management & Marketing
- Indoor Vertical Farming: Aeroponics & Hydroponics
- Livestock Farming Technology, Automated Feeder Systems and Installation
- Sustainable Forestry, Silviculture and Agroforestry

### Theme - 2: Advances in Biological Sciences, Environmental Sciences and Biotechnological Applications

- Plant and Animal Genomics for Sustainable Productivity
- Microbial Applications in Agriculture and Environment
- Sustainable Marine, Fisheries and Aquaculture
- Sustainable Food, Environment, Nutritional & Livelihood Security
- Innovative Trends in Botany, Zoology, Chemistry, Biotechnology, Microbiology, Plant Science & Biochemistry
- To Protect Wildfire, Pollution & National Disasters and Management
- Sustain Ocean, Marine, Coastal Management and Blue Economy System
- Molecular, Genome & Synthetic Biology
- Bioinformatics, Genetic Engineering, Enzymology and Cell Biology
- Bio-Nanotechnology & Green Technology
- Synthetic Biology for Sustainability
- Biotic and Abiotic Stress
- Health Policy: One Nation & One Health
- Curriculum Development on Agro-Biodiversity and Sustainability
- Digital Tools and e-Learning for Environmental Awareness
- Conservation of Pollinators and Soil Microbiota
- Innovations in Agricultural Biotechnology, Bio-fertilizers and Bio-pesticides
- Climate Change Impacts and Adaptation Strategies
- Environmental Pollution and Remediation Technologies
- Bioremediation and advanced treatment technologies
- Environmental toxicology and human health
- Advanced Genome Editing & Synthetic Biology
- Cell & Gene Therapy, Regenerative Medicine
- Bioprocessing, Biomanufacturing & Sustainability
- Real-Time Kinematic (RTK) Technology
- Nutrient-gene interactions (nutrigenomics)

### Theme 3: Biodiversity Conservation, Environmental, Life Science and Climate Change Mitigation

- Wildlife and Habitat Conservation, Biodiversity Protection
- Role of Agribusiness in Biodiversity Conservation
- Biodiversity Monitoring and Conservation Strategies
- Ecosystem Restoration and Landscape-Level Approaches
- Climate Change Adaptation in Agriculture and Ecology
- Renewable Energy and Sustainable Resource Use Aligning Agricultural and Environmental Practices with SDGs
- Policy and Governance for Biodiversity and Environmental Protection
- Role of Local and Indigenous Knowledge in Sustainable Development
- Global Warming and Climate Change Mitigation and Adaptation: Challenges, Strategies and Solution
- Innovation in Personalized Medicine: Advancing Precision Healthcare
- Carbon Sequestration and Greenhouse Gas Reduction
- Water Conservation and Sustainable Hydrology
- 2030 and Beyond: The Climate Mitigation Imperative
- Building Tomorrow: Climate Resilience Through Mitigation Today
- Institutional Efforts to Local Environmental Action through Sustainable Education
- Policy Governance for Environmental and Pollution Sustainability
- Turning the Tide: Innovative Solutions for a Warming World
- Climate Tech for Tomorrow: Innovations in Mitigation
- Clean Energy and Carbon Solutions for a Sustainable Planet
- Climate Justice Now: Equitable Solutions for a Global Challenge
- Inclusive Mitigation: Empowering Communities for a Sustainable Future
- Emerging and Re-emerging Plant Pathogens
- Novelty in Plant Disease Diagnostics
- Host-Pathogen Interaction
- Eco-friendly Disease Management Strategies
- Plant Clinic, Seed Village Concept and Farming Community
- Scientist-Industry-Farmer Interface

## Details of Oral & Poster Presentation

**Oral Presentation Guideline:** Oral Presentation Paper should be well prepared in PPT with good tables, figures, diagram & designs. Oral presentation time will be given 6-8 min. & 2 min. for open discussion with all participants and technical judge panel.

**Poster Presentation Guideline:** Poster Size should be 1-1.2 meter, include with Title, Name, Address, Introduction, Materials & Methods, Results & Conclusion (Participants are requested to kindly send the soft copies of their Abstract/ Book chapter/ Paper with duly filled registration form by mail to: [abcdconference2025@gmail.com](mailto:abcdconference2025@gmail.com))

**Oral & Poster Presentation Award:** Best Oral and Poster Presentation Award (3 in each on both mode of way physically and virtually technical session of the conference) will be announced and awarded as position 1st, 2nd & 3rd during the conference valediction ceremony by the chief guest.

**Note:** No TA & DA will be paid to participants/ keynote speaker/ chairperson / rapporteur by ATDS Society and No any abstract/ book chapter/ research paper will be publish without registration fee.

## Research / Review Paper & Book Chapter Publication

**International Journal of Agricultural Invention (IJAI):** Fee (Rs. 2000/-) **NAAS (4.56)**, ISSN (2456-1797), Peer review open access journal

**International Journal of Advanced Biochemistry Research (IJABR) :** Fee (Rs. 3000) **NAAS (5.29)**, Peer review open access journal

**International Journal of Research in Agronomy (IJRA):** Fee (Rs. 3000) **NAAS (5.20)**, Peer review open access journal

**International Journal of Agriculture Extension & Social Development (IJAESD):** Fee (Rs. 3000) **NAAS (5.04)**, Peer review open access journal

**Author Guidelines:** Title, Abstract, Keywords, Introduction, Materials and Methods, Results and Discussion, Conclusion, References within the manuscripts references cited as in numeric number (1, 2, 3), font 12 in Times New Roman in MS word file.

**Edited Book with ISBN:** Edited book will be published by reputed publisher. The book chapter must be original, ethical, with key burning issue, less than 15% plagiarism, unpublished, English languages, MS Word, Times Roman, 12 Fonts with 1.5 line spacing and with Abstract, Introduction, Tables content, Figure, Discussion, Conclusion & references.

**Proceeding Papers :** For Soft book copy fee (Free). **Book Chapters Publication Charges:** For Soft book copy fee (500/-).
